NATIONAL INTERIM CLINICAL IMAGING PROCEDURE CODE SET

Change to Supporting Information: New Supporting Information

Introduction

The [National Interim Clinical Imaging Procedure Code Set \(NICIP Code Set\)](#) is a comprehensive national standard set of codes and descriptions for imaging procedures and is maintained by the [UK Terminology Centre of NHS Connecting for Health](#). It is intended for use in all [Imaging Department](#) information systems.

Background

The [NICIP Code Set](#) has been approved by the [Information Standards Board for Health and Social Care \(ISB\)](#) and is mandated for all in-scope use cases. Further detail about the initial information standard and subsequent amendments can be found on the [Information Standards Board for Health and Social Care](#) website at: [ISB 0148 "Interim Clinical Imaging Procedure Codes"](#).

Distribution

The [NICIP Code Set](#) is released biannually. The release dates are the 1st of April and the 1st of October each year.

All versions of the [NICIP Code Set](#), both with and without [SNOMED CT maps](#), are only available from the [NHS Connecting for Health Data Standards and Products Technology Reference Data Update Distribution Service \(TRUD\)](#).

Changes to the Code Set

Clinicians and system managers working with the [Picture Archiving and Communication Systems \(PACS\)](#) and [Radiology Information Systems \(RIS\)](#) can make requests for additions to the [NICIP Code Set](#). All requests must first be checked for conformance to the [Editorial Principles](#).

Requests for changes to the [NICIP Code Set](#) should be made via the [Data Standards and Products helpdesk](#) and clearly marked "Diagnostic Imaging."

For further information on the [National Interim Clinical Imaging Procedure Code Set](#), see the [UK Terminology website](#).
