NHS TRUST MERGERS

Change to Supporting Information: Changed Description

Introduction

1. This guidance explains the circumstances under which [Hospital Provider Spells](#) should close and reopen as a result of a merger or demerger, in terms of NHS data standards. It specifies which codes should be used for those [Hospital Provider Spells](#) which must be closed and reopened,
 - o for [DISCHARGE DESTINATION](#) etc, for the closing [Hospital Provider Spell](#) and
 - o for [SOURCE OF ADMISSION](#) etc, for the new [Hospital Provider Spell](#).

When [Hospital Provider Spells](#) Should be Closed and Reopened

2. A [Hospital Provider Spell](#) is provided by one [ORGANISATION](#) acting as a [Health Care Provider](#). This means

that the spell is linked to the [ORGANISATION CODE](#) of the provider. If the [ORGANISATION CODE](#) changes, the spell must end and another begin with the new [ORGANISATION CODE](#). If the spell does end, the [Consultant Episode \(Hospital Provider\)](#) within the spell must also end.

The following scenarios explain what this means in terms of [NHS Trust](#) mergers or demergers. Note that these assume that nothing changes other than the fact that the [NHS Trusts](#) merge or demerge, e.g. the [CONSULTANT](#) stays the same, etc.

Mergers

- a. *Trust A merges with Trust B to produce Trust C, which has a new [ORGANISATION CODE](#).* The [ORGANISATION CODE](#) will change for both Trust A and B. Therefore [Hospital Provider Spells](#) in both Trust A and B should close, and new spells should be opened using the new [ORGANISATION CODE](#) for Trust C.
- b. *Trust A merges with Trust B to produce an [ORGANISATION](#) which uses Trust A's [ORGANISATION CODE](#).* For those [Hospital Provider Spells](#) in Trust A, the [ORGANISATION CODE](#) will not change. Therefore Trust A's [Hospital Provider Spells](#) should not be closed just as a result of the merger. However, for Trust B the [ORGANISATION CODE](#) will change. Therefore [Hospital Provider Spells](#) in Trust B should close, and new spells should be opened using the new [ORGANISATION CODE](#) for Trust A.

Demergers

- a. *Trust A splits into Trust B and Trust C, both of which have a new [ORGANISATION CODE](#).* The [ORGANISATION CODE](#) will change for both Trust B and C. Therefore all [Hospital Provider Spells](#) in Trust A should close, and new spells should be opened in Trust B and C using the new [ORGANISATION CODES](#) for each.
- b. *Trust A splits into Trust B and C. Trust B retains Trust A's [ORGANISATION CODE](#) and Trust C is issued with a new one.* The [ORGANISATION CODE](#) for [Hospital Provider Spells](#) in Trust A which are taken over by Trust B will not change. Therefore they should not be closed just as a result of the merger. However, Trust A's [Hospital Provider Spells](#) which are taken over by Trust C should close, and new spells should be opened using the new [ORGANISATION CODE](#) for Trust C.

The Codes Used when [Hospital Provider Spells](#) are Closed and Reopened

3. If [Hospital Provider Spells](#) are to be closed and reopened only as a result of [NHS Trust Mergers](#) or demergers, for most cases the codes below should be used.

The CLOSED [Hospital Provider Spell](#)

DISCHARGE DESTINATIONS

This depends on the type of [WARD](#) the [PATIENT](#) is in, but will be either:

- 51 NHS [Hospital Provider](#) - [WARD](#) for general [PATIENTS](#) or the younger physically disabled
- 52 NHS [Hospital Provider](#) - [WARD](#) for maternity [PATIENTS](#) or neonates
- 53 NHS [Hospital Provider](#) - [WARD](#) for [PATIENTS](#) who are mentally ill or have learning disabilities

DISCHARGE METHOD

- 1 [PATIENT](#) discharged on clinical advice or with clinical consent

The REOPENED [Hospital Provider Spell](#)

ADMISSION METHOD

81 Transfer of any admitted [PATIENT](#) from other [Hospital Provider](#) other than in an emergency

Note that this [ADMISSION METHOD](#) is classed under "Other Admission". It is not elective and the [PATIENT](#) does therefore not have an entry on an [Elective Admission List](#).

[SOURCE OF ADMISSION](#)

Again, this depends on the type of [WARD](#) the [PATIENT](#) is in, but will be either:

51 NHS [Hospital Provider](#) - [WARD](#) for general [PATIENTS](#) or the younger physically disabled or [Accident and Emergency Department](#)

52 NHS [Hospital Provider](#) - [WARD](#) for maternity [PATIENTS](#) or neonates

53 NHS [Hospital Provider](#) - [WARD](#) for [PATIENTS](#) who are mentally ill or have learning disabilities

[REFERRER CODE](#)

This will be the referrer to the [Hospital Provider Spell](#) within which the [PATIENT](#) was receiving care before the merger, i.e. the "original" [Hospital Provider Spell](#).

[Guidance for Merging Organisations to support Sending of Commissioning Data Sets to the Secondary Uses Service](#)

The [Secondary Uses Service](#) have published a document "[SUS Guidance on Merging and Demerging Organisations](#)" which provides information regarding issues that may affect the approach to submitting data to the [Secondary Uses Service](#). The document is available in the section "[How do I send data to SUS?](#)" of the [Guidance and other useful documents web page](#).
