

Health and Social Care Information Centre

NHS Data Model and Dictionary Service

Type: Data Dictionary Change Notice
Reference: 1382
Version No: 1.0
Subject: National Renal Data Set amendment
Effective Date: Immediate
Reason for Change: Correction to Renal Treatment Modality Code list
Publication Date: 15 May 2013

Background:

An issue has been identified regarding the list of national codes in the attribute RENAL TREATMENT MODALITY CODE.

This Data Dictionary Change Notice corrects the National Code for the value "None" to reflect the code as published in the original Data Set Specification.

To view a demonstration on "How to Read an NHS Data Model and Dictionary Change Request", visit the NHS Data Model and Dictionary help pages at: http://www.datadictionary.nhs.uk/Flash_Files/changerequest.htm.

Note: if the web page does not open, please copy the link and paste into the web browser.

Summary of changes:

Attribute Definitions
