

Type: Data Dictionary Change Notice
Reference: 1641
Version No: 1.0
Subject: Retirement of Emergency Care Weekly Situation Report Data Set
Effective Date: Immediate
Reason for Change: Retirement of out of date content
Publication Date: 21 August 2019

Background:

As part of the ongoing work to implement a new version of the NHS Data Model and Dictionary, a review of legacy and out of date Information Standards contained within the NHS Data Model and Dictionary has been carried out.

A number of data sets are out of date and have been identified for retirement from the NHS Data Model and Dictionary. However, it must be noted that the Information Standards still remain and the collections should be submitted as required.

This Data Dictionary Change Request retires the Emergency Care Weekly Situation Reports Data Set and supporting definitions from the NHS Data Model and Dictionary only.

To view a demonstration on "How to Read an NHS Data Model and Dictionary Change Request", visit the NHS Data Model and Dictionary help pages at: https://www.datadictionary.nhs.uk/Flash_Files/changerequest.htm.

Change to Supporting Information: Changed Description, Name, status to Retired

~~This data set is out of date therefore the information should not be used.~~ This item has been retired from the NHS Data Model and Dictionary.

~~For further information, see the [NHS England](#) website at: [A&E Attendances and Emergency Admissions](#).~~

~~[NHS England](#) requires information on NHS-funded [SERVICES](#) by providers of Emergency Care. This information is collected via the [Emergency Care Weekly Situation Report Data Set](#). The last live version of this item is available in the July 2019 release of the NHS Data Model and Dictionary.~~

~~The [Emergency Care Weekly Situation Report Data Set](#) provides essential information for monitoring key standards for Emergency Care Departments. Access to this version can be obtained by emailing information.standards@nhs.net with "NHS Data Model and Dictionary - Archive Request" in the email subject line.~~

Reporting

~~The [Emergency Care Weekly Situation Report Data Set](#) is a data return submitted on a weekly basis for the previous week period of starting on Monday and ending on Sunday. The data return must be submitted within two working days following the [REPORTING PERIOD END DATE](#).~~

~~The [Emergency Care Weekly Situation Report Data Set](#) is a provider-based return. However, data returns are only required from provider [Organisations](#) where~~

- emergency admissions are at least 10 per week and/or

- attendances average more than 50 attendances per week.

Independent Sector [Organisations](#) that provide NHS funded care are required to provide the [Emergency Care Weekly Situation Report Data Set](#).

The data is entered via Unify2, an online data collection system. Providers enter their data onto Unify2 either directly or by uploading a spreadsheet.

Further guidance is available on the [NHS England](#) website, see [A&E Waiting Times and Activity](#).
