

# NHS Data Model and Dictionary

<b>Type:</b>	Data Dictionary Change Notice
<b>Reference:</b>	1666
<b>Version No:</b>	1.0
<b>Subject:</b>	Stop Smoking Services Quarterly Data Set
<b>Effective Date:</b>	Immediate
<b>Reason for Change:</b>	National Code list correction to match the published standard
<b>Publication Date:</b>	11 October 2018

## Background:

It has been identified that a National Code is missing from the 'Intervention Setting Type for Stop Smoking' attribute code list, which is used in the Stop Smoking Services Quarterly Data Set.

Note that this amendment to the NHS Data Model and Dictionary does not change the published standard [DCB0155 Amd 80/2015](#).

This Data Dictionary Change Notice adds National Code 22 - 'Hospital Setting' to attribute 'Intervention Setting Type for Stop Smoking' to the NHS Data Model and Dictionary to support the Information Standard.
