

**Type:** Data Dictionary Change Notice  
**Reference:** 1815  
**Version No:** 1.0  
**Subject:** Commissioning Data Set XML Schema Version 6-2-0  
**Effective Date:** 1 April 2021  
**Reason for Change:** New Commissioning Data Set XML Schema Version 6-2-0  
**Publication Date:** 26 February 2021

## Background:

The Commissioning Data Set XML schema (CDS-XML schema) is the transport mechanism used by healthcare providers to submit the Commissioning Data Sets to the Secondary Uses Service (SUS+).

The CDS-XML schema corresponding to the current version of the Commissioning Data Sets, version 6-2, contains validation to prevent incorrect Main Specialty and Treatment Function Codes being submitted.

The [Treatment Function and Main Specialty Standard, DCB0028](#), was updated in April 2020 to include new code values, and also an addendum was published in January 2021 to add a new Treatment Function Code to represent Post-COVID-19 Syndrome Services.

In order to allow the new Main Specialty and Treatment Function Codes to flow in the Commissioning Data Set submissions, a new version of the CDS-XML schema for Commissioning Data Set v6-2 has been produced, to extend the Main Specialty and Treatment Function Code allowed values to conform to the specification in the DCB0028 standard. This version, CDS-XML schema v6-2-0, is intended to exist alongside the current v6-2 XML schema (which is not being updated), and may be used by submitters of the Commissioning Data Sets where they wish to move to using the new codes.

The CDS-XML schema v6-2-0 is published on the Technology Reference Data Update Distribution (TRUD) website at [TRUD Welcome to the Technology Reference Data Update Distribution site](#).

This Data Dictionary Change Notice updates references to the CDS-XML schema within the NHS Data Model and Dictionary, to support the introduction of CDS-XML schema version 6-2-0.

## Summary of changes:

### Supporting Information

<a href="#">COMMISSIONING DATA SET BUSINESS RULES</a>	Changed Description
<a href="#">COMMISSIONING DATA SET VERSIONS</a>	Changed Description
<a href="#">MAIN SPECIALTY AND TREATMENT FUNCTION CODES TABLE</a>	Changed Description
<a href="#">XML SCHEMA TRUD DOWNLOAD</a>	Changed Description

### Attribute Definitions

<a href="#">CDS MESSAGE VERSION NUMBER</a>	Changed Description
<a href="#">MAIN SPECIALTY CODE</a>	Changed Description
<a href="#">TREATMENT FUNCTION CODE</a>	Changed Description

### XML Schema Constraint

<a href="#">COMMISSIONING DATA SET VERSION 6-2 XML SCHEMA CONSTRAINTS</a>	Changed Description
---	---------------------

**Date:** 26 February 2021

**Sponsor:** Nicholas Oughtibridge, Head of Clinical Data Architecture, NHS Digital

**Note:** New text is shown with a blue background. Deleted text is crossed out. Retired text is shown in grey. Within the Diagrams deleted classes and relationships are red, changed items are blue and new items are green.

## COMMISSIONING DATA SET BUSINESS RULES

---

Change to Supporting Information: Changed Description

The [Commissioning Data Sets](#) have notation to identify the business and/or processing rules which apply to individual Data Elements. This notation appears in the [Rules](#) column of the [Commissioning Data Sets](#) details page.

## Population Validation

All Data Elements are subject to **length** validation. Some Data Elements are also subject to **format** and **content** validation against a list of permitted values defined in the NHS Data Model and Dictionary. The value lists are held on the Attribute which the Data Element is based on, plus default codes which are held on the Data Element itself.

RULE	POPULATION VALIDATION
F	The format is validated, for example the format of a date must comply with the XML standard.
V	The Data Element is validated against an explicit list of permitted values as defined in the NHS Data Model and Dictionary.
V	The Data Element is validated against an explicit list of permitted values as defined in the NHS Data Model and Dictionary. Note the permitted values differ between CDS-XML schema version 6-2 and CDS-XML version 6-2-0 for <a href="#">CARE PROFESSIONAL MAIN SPECIALTY CODE</a> and <a href="#">ACTIVITY TREATMENT FUNCTION CODE</a> .

## Business Rules

Some Data Elements are subject to additional Business Rules as indicated below:

- **Prefix H** = [Healthcare Resource Group](#) Business Rules.
- **Prefix I** = CDS-XML Schema anomalies and issues.
- **Prefix N** = NHS Data Standards and Policy Rules
- **Prefix S** = [Secondary Uses Service](#) Business Rules

PREFIX	BUSINESS RULES: H - Healthcare Resource Group Business Rules
H4	This Data Element is used by the <a href="#">Secondary Uses Service</a> to derive the <a href="#">Healthcare Resource Group 4</a> . Failure to correctly populate this data element is likely to result in an incorrect <a href="#">Healthcare Resource Group</a> , usually associated with lower levels of healthcare resource. For further information, please refer to the <a href="#">NHS Digital</a> website at: <a href="#">Payment by Results Guidance</a> .

PREFIX	BUSINESS RULES: I - CDS-XML Schema Anomalies and Issues
I1	This is a known schema anomaly and has been registered for future resolution.
I2	See the specifications in the NHS Data Model and Dictionary for the specific format characteristics of this Data Element.
I3	There is no national requirement to flow <a href="#">Healthcare Resource Group 4 (HRG4)</a> through the Commissioning Data Sets, see <a href="#">DSCN 17/2008</a> .

PREFIX	BUSINESS RULES: N - NHS Data Standards and Policy Rules
N1	Psychiatric PATIENTS only (Retired January 2021).
N2	Not defined or approved by the <a href="#">Data Coordination Board</a> or its predecessors the <a href="#">Standardisation Committee for Care Information</a> and <a href="#">Information Standards Board for Health and Social Care</a> .
N3	The definition and value list for this data is under review.
N4	Up to 20 codes per daily activity occurrence may be recorded.
N5	This data should only flow in Commissioning Data Set version 6-1 for PATIENTS detained under the Mental Health Act prior to the Mental Health Act 2007 (Retired June 2015).
N6	This data should only flow in Commissioning Data Set version 6-2 for <a href="#">PATIENTS</a> detained under the Mental Health Act 2007.
N7	From Commissioning Data Set version 6-0 onwards, the use of the <a href="#">DETAINED AND (OR) LONG TERM PSYCHIATRIC CENSUS DATE</a> in the location group is <b>optional</b> as it <b>must</b> be carried in the Episode Characteristics.

PREFIX	BUSINESS RULES: S - Secondary Uses Service Business Rules
S1	This mandatory Commissioning Data Set date is used as the originating date to determine the mandatory <a href="#">CDS ACTIVITY DATE</a> .
S2	The Secondary Uses Service <b>DOES NOT</b> support the use of the CDS TEST INDICATOR. Therefore this Data Element must not be used (Retired June 2015).
S3	See <a href="#">Security Issues and Patient Confidentiality</a> , for further information.
S4	Used to ensure the correct sequencing of multiple and/or subsequent Commissioning Data Set submissions.
S5	These ORGANISATION CODES must be present and registered with the Secondary Uses Service. The Commissioning Data Set Schema does not validate the content value of this data
S6	All <a href="#">CDS REPORT PERIOD START DATES</a> and <a href="#">CDS REPORT PERIOD END DATES</a> must be consistent in all Commissioning Data Set records contained in a BULK Interchange submission. The <a href="#">CDS REPORT PERIOD START DATE</a> must be on or before the <a href="#">CDS REPORT PERIOD END DATE</a> . The <a href="#">CDS ACTIVITY DATE</a> is a mandatory data element and must fall within the period defined. See the <a href="#">Commissioning Data Set Submission Protocol</a> .
S7	See the <a href="#">Commissioning Data Set Addressing Grid</a> .
S8	These Data Elements are required for correct processing by the <a href="#">Secondary Uses Service</a> . If omitted, the <a href="#">Secondary Uses Service</a> will reject the Commissioning Data Set data.
S9	The <a href="#">CDS UNIQUE IDENTIFIER</a> is a mandatory data item when using the Net Change Protocol. When using the Bulk Update Protocol this data item is optional but it is strongly advised that where it can be correctly generated and maintained it should be used. See the <a href="#">Commissioning Data Set Submission Protocol</a> .

<b>S10</b>	For <a href="#">CDS V6-2 Type 170 - Admitted Patient Care - Detained and or Long Term Psychiatric Census Commissioning Data Set</a> , the <a href="#">CDS ACTIVITY DATE</a> contains the <a href="#">CDS CENSUS DATE</a> which is also the <a href="#">DETAINED AND (OR) LONG TERM PSYCHIATRIC CENSUS DATE</a> .
<b>S11</b>	For the following <a href="#">CDS Types</a> , the <a href="#">CDS ACTIVITY DATE</a> must contain the Date of the Elective Admission List Census which is usually the end of the Period being reported: <a href="#">CDS V6-2 Type 030 - Elective Admission List - End of Period Census (Standard) Commissioning Data Set</a> <a href="#">CDS V6-2 Type 040 - Elective Admission List - End of Period Census (Old) Commissioning Data Set</a> <a href="#">CDS V6-2 Type 050 - Elective Admission List - End of Period Census (New) Commissioning Data Set</a>
<b>S12</b>	These <a href="#">PERSON BIRTH DATE</a> Data Elements must use dates between 01/01/1880 and 31/12/2999 in order to pass validation
<b>S13</b>	Data Elements reporting a date (which is not a <a href="#">PERSON BIRTH DATE</a> Data Element) must use dates between 01/01/1900 and 31/12/2999 in order to pass validation
<b>S14</b>	For Data Elements reporting a time, the hour portion must be between 00 and 23 inclusive in order to pass validation

#### COMMISSIONING DATA SET VERSIONS

Change to Supporting Information: Changed Description

Listed below are the Commissioning Data Set versions since 2001.

#### Current versions:

- November 2012: [CDS Version 6-2 Type List](#) (updated October 2017 to support CDS Version 6-2-1, April 2010 to support CDS Version 6-2-2 and April 2021 to support CDS Version 6-2-3)
- November 2012: [CDS Version 6-2 Type List](#) (updated October 2017 to support CDS Version 6-2-1, April 2019 to support CDS Version 6-2-2, April 2021 to support CDS Version 6-2-3 and April 2021 to support CDS Version 6-2-0)

#### Retired versions:

- November 2008: CDS Version 6-1 Type List
- December 2007 to November 2012: CDS Version 6-0
- April 2005 to March 2008: CDS Version NHS005 Type List
- April 2001 to March 2005: CDS Version NHS003 and 4 Type List

The XML Schemas and supporting information can be downloaded from [Technology Reference Data Update Distribution \(TRUD\)](#) at: [NHS Data Model and Dictionary: DD XML Schemas](#).

#### MAIN SPECIALTY AND TREATMENT FUNCTION CODES TABLE

Change to Supporting Information: Changed Description

For further information regarding the definition and use of [MAIN SPECIALTY](#) see the attribute [MAIN SPECIALTY CODE](#).

For further information regarding the definition and use of [TREATMENT FUNCTION](#) see the attribute [TREATMENT FUNCTION CODE](#).

For additional queries contact the [NHS Digital](#) by email at: [enquiries@nhsdigital.nhs.uk](mailto:enquiries@nhsdigital.nhs.uk) with the subject "Main Specialty and Treatment Function Codes".

Note:

- New National Codes for [MAIN SPECIALTY CODE](#) and [TREATMENT FUNCTION CODE](#) were introduced from 2 April 2020 as part of the update to the [DCB0028: Treatment Function and Main Specialty Standard](#).
  - Page 8 of the "Change Specification" provides a list of the new [TREATMENT FUNCTION CODES](#).
  - Note that new codes should not be reported nationally until the functionality to do so becomes available in the next release of the affected data sets and any associated XML Schemas.
  - Prior to these updates, health and care [ORGANISATIONS](#) must review the impact of this information standard and make appropriate changes to local health IT systems from 2 April 2020 and before 1 April 2021.
  - Where new National Codes are recorded locally, these will need to be mapped to an appropriate existing code for transmission and reporting purposes.
- New National Codes for [MAIN SPECIALTY CODE](#) and [TREATMENT FUNCTION CODE](#) were introduced from 2 April 2020 as part of the update to the [DCB0028: Treatment Function and Main Specialty Standard](#). Submission of these codes for the Commissioning Data Sets is only possible where the healthcare provider has updated their CDS-XML schema version to CDS-XML version 6-2-0. Users of the original CDS-XML schema version 6-2 will be unable to submit the new codes introduced in the release of [DCB0028: Treatment Function and Main Specialty Standard](#) in April 2020 or the addendum to DCB0028 released in January 2021 to add a new [TREATMENT FUNCTION CODE](#) to represent Post-COVID-19 Syndrome Services.

**Table 1 Main Specialty codes**

Code	Main Specialty Title	Comments
<b>Surgical Specialties</b>		
100	General Surgery	For further information, see: <a href="#">Royal College of Surgeons - General Surgery</a>

	960	Allied Health Professional	Formerly known as Allied Health Professional Episode. For further information, see: <a href="#">Health and Care Professions Council</a>
	990	Joint Consultant Clinics (Retired 1 April 2004)	

**Notes:**

†	Code 500 is not acceptable for data sets/collections including <a href="#">Hospital Episode Statistics</a>
*	Code 312 is retained for <a href="#">CONSULTANTS</a> qualified in this Main Specialty prior to 1 April 2010.

**Table 2 Treatment Function codes**

Code	Treatment Function Title	Comments
<b>Surgical Specialties</b>		
100	General Surgery Service	<a href="#">SERVICES</a> delivering surgical <a href="#">ACTIVITY</a> not covered by other subspecialty areas. The majority of elective procedures, about 80 per cent, fall outside subspecialty areas. For further information, see: <a href="#">Royal College of Surgeons - Surgical Specialties</a>
101	Urology Service	Surgical <a href="#">SERVICES</a> for the treatment of disorders of the urinary system and male reproductive system. This includes surgery for gender dysphoria. For further information, see: <a href="#">Royal College of Surgeons - Urology</a>
102	Transplant Surgery Service	<a href="#">SERVICES</a> for pre- and post-operative care for major organ transplants except heart and lung. Excludes Cardiothoracic Transplantation Service - see <a href="#">TREATMENT FUNCTION CODE</a> 174, corneal grafts carried out by Ophthalmology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 130 and Blood and Bone Marrow Transplantation Service - see <a href="#">TREATMENT FUNCTION CODE</a> 308. For further information, see: <a href="#">Royal College of Surgeons - General Surgery</a>
103	Breast Surgery Service	<a href="#">SERVICES</a> which include surgical treatment for cancer, suspected neoplasms, indeterminate breast lesions, benign breast lumps, disorders of the nipple-areolar complex, cysts and post-cancer reconstructive, revision and symmetrising surgery. Includes breast surgery for gender dysphoria. Excludes cosmetic surgery. For further information, see: <a href="#">Association of Breast Surgery</a>
104	Colorectal Surgery Service	<a href="#">SERVICES</a> for the surgical treatment of disorders of the lower intestine (colon, anus and rectum)
105	Hepatobiliary and Pancreatic Surgery Service	Specialist surgical <a href="#">SERVICES</a> for hepatobiliary and pancreatic (HPB) disorders. To be used by recognised specialist units and associated outreach <a href="#">SERVICES</a> only. Excludes Transplant Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 102. For further information, see: <a href="#">NHS England - A02. Hepatobiliary and Pancreas</a>
106	Upper Gastrointestinal Surgery Service	<a href="#">SERVICES</a> for surgical treatment of disorders of the upper parts of the gastrointestinal tract. For further information, see: <a href="#">Royal College of Surgeons - General Surgery</a>
107	Vascular Surgery Service	<a href="#">SERVICES</a> for the surgical treatment of diseases of the vascular system. For further information, see: <a href="#">Royal College of Surgeons - Vascular Surgery</a>
108	Spinal Surgery Service	Surgery concentrating on specialised and complex treatment of issues of the back and spine. To be used by recognised specialist units and associated outreach <a href="#">SERVICES</a>

		only. Excludes Trauma and Orthopaedic Service - see <a href="#">TREATMENT FUNCTION CODE</a> 110, Orthopaedic Service - see <a href="#">TREATMENT FUNCTION CODE</a> 111, Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 115 and Spinal Injuries Service - see <a href="#">TREATMENT FUNCTION CODE</a> 323. For further information, see: <a href="#">British Association of Spine Surgeons</a>
109	Bariatric Surgery Service	<a href="#">SERVICES</a> assessing, managing and treating obesity, and specifically consideration of bariatric (weight loss) surgery. It includes <a href="#">PATIENTS</a> who are obese and have, or are at risk of, other medical conditions. It does not cover preventing a <a href="#">PERSON</a> from becoming overweight or obese, or lifestyle weight management programmes for a <a href="#">PERSON</a> who is overweight or obese. For further information, see: <a href="#">National Institute for Health and Care Excellence - Obesity</a>
110	Trauma and Orthopaedic Service	<a href="#">SERVICES</a> to treat injuries, congenital and acquired disorders of the bones, joints, and their associated soft tissues, including ligaments, nerves and muscles. Excludes Orthopaedic Surgery Service - <a href="#">TREATMENT FUNCTION CODE</a> 111 and Spinal Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 108. For major trauma centres use Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 115. For further information, see: <a href="#">Royal College of Surgeons - Major Trauma Surgery</a> and <a href="#">Royal College of Surgeons - Orthopaedic Surgery</a>
111	Orthopaedic Service	<a href="#">SERVICES</a> for the elective or planned surgical assessment or treatment of the musculoskeletal system. Excludes Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 115. Where there is no dedicated Orthopaedic Service use Trauma and Orthopaedic Service - see <a href="#">TREATMENT FUNCTION CODE</a> 110. For further information, see: <a href="#">Royal College of Surgeons - Orthopaedic Surgery</a>
113	Endocrine Surgery Service	<a href="#">SERVICES</a> for the surgical treatment of diseases of the thyroid and/or other endocrine glands. For further information, see: <a href="#">Royal College of Surgeons - General Surgery</a>
115	Trauma Surgery Service	Major trauma specialist <a href="#">SERVICES</a> at a designated unit, with the specific exclusion of Spinal Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 108. Excludes elective or planned Orthopaedic Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 111. Where there is no major trauma centre use Trauma and Orthopaedics Service - see <a href="#">TREATMENT FUNCTION CODE</a> 110. For further information, see: <a href="#">Royal College of Surgeons - Major Trauma Surgery</a>
120	Ear Nose and Throat Service	Formerly known as ENT. Surgical <a href="#">SERVICES</a> for the assessment, diagnosis, management and treatment of ear, nose and/or throat issues. Excludes Audiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 840. For further information, see: <a href="#">Royal College of Surgeons - Ear, Nose &amp; Throat (ENT)</a>
130	Ophthalmology Service	The surgical treatment of disorders and diseases of the eye. Excludes Medical Ophthalmology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 460 and Ophthalmic and Vision Science Service - see <a href="#">TREATMENT FUNCTION CODE</a> 461. For further information, see: <a href="#">Royal College of Ophthalmologists</a>
140	Oral Surgery Service	<a href="#">SERVICES</a> for the diagnosis and surgical treatment of diseases, injuries and defects of hard and soft tissues of the mouth. Excludes departments delivering a <a href="#">SERVICE</a> where oral surgery and maxillofacial services are mixed (i.e. an out-patient clinic accepting oral surgery and maxillofacial surgery patients) – see <a href="#">TREATMENT FUNCTION CODE</a> 145. For further information, see: <a href="#">British Association of Oral Surgeons Specialty Training Curriculum – Oral Surgery</a>
141	Restorative Dentistry Service	<a href="#">SERVICES</a> providing examination and treatment of diseases of the oral cavity, the teeth and their supporting structures. Restorative Dentistry includes the dental specialties of Endodontics, Periodontics and Prosthodontics (including implantology), and its foundation is based upon how these interact in the management of cases requiring multifaceted care. For further information, see: <a href="#">British Society for Restorative Dentistry</a>
143	Orthodontic Service	<a href="#">SERVICES</a> for the treatment of malocclusions (improper bites). Orthodontic treatment can focus on dental displacement only, or can deal with the control and modification of facial growth. For further information, see: <a href="#">British Orthodontic Society</a>
144	Maxillofacial Surgery Service	Professional recommendation is to use Oral and Maxillofacial Surgery Service where this <a href="#">SERVICE</a> is combined with oral surgery - see <a href="#">TREATMENT FUNCTION CODE</a> 145. Alternatively, for oral surgery services only see <a href="#">TREATMENT FUNCTION CODE</a> 140. This code has been retained for existing <a href="#">SERVICES</a> which only provide maxillofacial surgery.
145	Oral and Maxillofacial Surgery Service	Combined <a href="#">SERVICES</a> providing diagnosis and surgical treatment of diseases, injuries and defects involving hard and soft tissues of the mouth, jaws, and neck. These <a href="#">SERVICES</a> may have formerly been categorised as <a href="#">TREATMENT FUNCTION CODE</a> 140 (Oral Surgery Service) or <a href="#">TREATMENT FUNCTION CODE</a> 144 (Maxillofacial Surgery Service). For further information, see: <a href="#">British Association of Oral &amp; Maxillofacial Surgeons</a>
149	not a Treatment Function	
150	Neurosurgical Service	Surgical <a href="#">SERVICES</a> for the treatment of disorders of the nervous system including the brain, spinal cord, peripheral nerves, and extra-cranial cerebrovascular system.

		Excludes Spinal Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 108</a> . For major trauma centres use Trauma Surgery Service – see <a href="#">TREATMENT FUNCTION CODE 115</a> . For further information, see: <a href="#">Royal College of Surgeons - Neurosurgery</a>
160	Plastic Surgery Service	<a href="#">SERVICES</a> to correct or restore form and function. In addition to cosmetic or aesthetic surgery, plastic surgery includes many types of reconstructive surgery, and the treatment of burns. For care given within specialist burn services, use Burns Care Service - see <a href="#">TREATMENT FUNCTION CODE 161</a> . Excludes breast surgery for gender dysphoria, use Breast Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 103</a> . For further information, see: <a href="#">Royal College of Surgeons - Plastic and Reconstructive</a>
161	Burns Care Service	<a href="#">SERVICES</a> for the surgical and non-surgical treatment of burns within recognised specialist burns units and associated outreach <a href="#">SERVICES</a> only. Whilst this does not signify the <a href="#">CRITICAL CARE LEVEL</a> , many <a href="#">PATIENTS</a> will also come within the scope of the <a href="#">Critical Care Minimum Data Set</a> . For further information, see: <a href="#">British Burn Association</a>
170	Cardiothoracic Surgery Service	<a href="#">SERVICES</a> delivering surgical treatment of diseases affecting the heart and organs inside the thorax (the chest). Should only be used where there are no separate <a href="#">SERVICES</a> for Cardiac Surgery and Thoracic Surgery. For further information, see: <a href="#">Royal College of Surgeons - Cardiothoracic Surgery</a>
172	Cardiac Surgery Service	<a href="#">SERVICES</a> delivering surgical treatment of diseases affecting the heart. Procedures are often lengthy and complex, requiring support from advanced forms of technology during surgery and <a href="#">CRITICAL CARE LEVEL 2</a> and 3 for the <a href="#">PATIENT</a> after surgery. For further information, see: <a href="#">Royal College of Surgeons - Cardiothoracic Surgery</a>
173	Thoracic Surgery Service	<a href="#">SERVICES</a> providing surgical treatment of diseases affecting organs inside the thorax (the chest). Generally, treatment of conditions of the lungs, chest wall, and diaphragm. Predominantly this is surgical treatment of malignant disease or its effects. For further information, see: <a href="#">Royal College of Surgeons - Cardiothoracic Surgery</a>
174	Cardiothoracic Transplantation Service	<a href="#">SERVICES</a> for pre- and post-operative care for heart and lung transplants. To be used by recognised specialist units and associated outreach services only. For further information, see: <a href="#">Royal College of Surgeons - Cardiothoracic Surgery</a>
<b>Other Children's Specialist Services</b> - The Paediatric <a href="#">TREATMENT FUNCTION CODES</a> represent <a href="#">CLINICS OR FACILITIES</a> intended to provide dedicated <a href="#">SERVICES</a> to children with appropriate facilities and support staff, i.e. they are designed for children only. If a <a href="#">CLINIC OR FACILITY</a> provides this but also treats adult <a href="#">PATIENTS</a> as part of the <a href="#">SERVICE</a> then a Paediatric <a href="#">TREATMENT FUNCTION CODE</a> may not be appropriate. The age of the <a href="#">PATIENT</a> attending does not initiate a change to the <a href="#">TREATMENT FUNCTION CODE</a> for the <a href="#">ACTIVITY</a> .		
142	Paediatric Dentistry Service	Dedicated children's <a href="#">SERVICES</a> for dentistry with appropriate facilities and support staff. For further information, see: <a href="#">The British Society of Paediatric Dentistry</a>
171	Paediatric Surgery Service	Dedicated children's <a href="#">SERVICES</a> for general surgery. For further information, see: <a href="#">Royal College of Surgeons - Paediatric Surgery</a>
211	Paediatric Urology Service	Dedicated children's <a href="#">SERVICES</a> for surgical treatment of disorders of the urinary system and male reproductive system. For further information, see: <a href="#">British Association of Paediatric Surgeons - Urology</a>
212	Paediatric Transplantation Surgery Service	Dedicated children's <a href="#">SERVICES</a> for pre- and post-operative care for major organ transplants except heart and lung. Excludes Paediatric Cardiac Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 221</a> , Paediatric Thoracic Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 222</a> , corneal grafts carried out by Paediatric Ophthalmology Service - see <a href="#">TREATMENT FUNCTION CODE 216</a> and Blood and Bone Marrow Transplantation Service - see <a href="#">TREATMENT FUNCTION CODE 308</a> . For further information, see: <a href="#">Royal College of Surgeons - General Surgery</a>
213	Paediatric Gastrointestinal Surgery Service	Dedicated children's <a href="#">SERVICES</a> for surgical treatment of disorders of the gastrointestinal tract. For further information, see: <a href="#">British Association of Paediatric Surgeons - Gastrointestinal</a>
214	Paediatric Trauma and Orthopaedic Service	Dedicated children's <a href="#">SERVICES</a> to treat injuries, congenital and acquired disorders of the bones, joints, and their associated soft tissues, including ligaments, nerves and muscles. Excludes Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 115</a> and Spinal Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 108</a> For further information, see: <a href="#">British Society for Children's Orthopaedic Surgery (BSCOS)</a>
215	Paediatric Ear Nose and Throat Service	Dedicated children's surgical <a href="#">SERVICES</a> for the assessment, diagnosis, management and treatment of ear, nose and/or throat issues. Excludes Audiology Service - see <a href="#">TREATMENT FUNCTION CODE 840</a> . For further information, see: <a href="#">British Association for Paediatric Otolaryngology</a>
216	Paediatric Ophthalmology Service	Dedicated children's <a href="#">SERVICES</a> for the surgical treatment of disorders and diseases of the eye. For further information, see: <a href="#">British &amp; Irish Paediatric Ophthalmology and Strabismus Association</a>
217	Paediatric Oral and Maxillofacial Surgery Service	Dedicated children's <a href="#">SERVICES</a> providing diagnosis and surgical treatment of diseases, injuries and defects involving hard and soft tissues of the mouth, jaws, and neck.

		Excludes Paediatric Dentistry Services - see <a href="#">TREATMENT FUNCTION CODE 142</a> . For further information, see: <a href="#">British Association of Oral &amp; Maxillofacial Surgeons</a>
218	Paediatric Neurosurgery Service	Dedicated children's <a href="#">SERVICES</a> for the surgical treatment of disorders which affect any portion of the nervous system including the brain, spinal cord, peripheral nerves, and extra-cranial cerebrovascular system. For further information, see: <a href="#">Royal College of Surgeons - Neurosurgery</a>
219	Paediatric Plastic Surgery Service	Dedicated children's <a href="#">SERVICES</a> for correction or to restore form and function. In addition to cosmetic or aesthetic surgery, plastic surgery includes many types of reconstructive surgery, and the treatment of burns. For care given within specialist paediatric burn services, use Paediatric Burns Care Service - see <a href="#">TREATMENT FUNCTION CODE 220</a> . For further information, see: <a href="#">NHS England: E02. Specialised Surgery in Children</a>
220	Paediatric Burns Care Service	Dedicated children's <a href="#">SERVICES</a> for the surgical and non-surgical treatment of burns within recognised specialist burns units and associated outreach <a href="#">SERVICES</a> only. Whilst this does not signify the <a href="#">CRITICAL CARE LEVEL</a> , many <a href="#">PATIENTS</a> will also come within the scope of the <a href="#">Critical Care Minimum Data Set</a> . For further information, see: <a href="#">British Burn Association</a>
221	Paediatric Cardiac Surgery Service	Dedicated children's <a href="#">SERVICES</a> for the surgical treatment of the heart or great vessels. For further information, see: <a href="#">NHS England: E05. Congenital Heart Services</a>
222	Paediatric Thoracic Surgery Service	Dedicated children's <a href="#">SERVICES</a> for the surgical treatment of diseases affecting organs inside the thorax (the chest). Generally, treatment of conditions of the lungs, chest wall, and diaphragm. For further information, see: <a href="#">British Association of Paediatric Surgeons - Thoracic</a>
223	Paediatric Epilepsy Service	Dedicated children's <a href="#">SERVICES</a> by <a href="#">CONSULTANT</a> paediatrician with expertise in epilepsy supported by specialist staff. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Epilepsy</a>
230	Paediatric Clinical Pharmacology Service	Dedicated children's <a href="#">SERVICES</a> providing advice and support locally and nationally regarding the introduction of new medicines, adverse drug reactions, poisoning and toxicity, and prescribing policies. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Drugs and medicines</a>
240	Paediatric Palliative Medicine Service	Dedicated children's <a href="#">SERVICES</a> improving the quality of life of <a href="#">PATIENTS</a> and their families facing the problems associated with life-limiting illness. Prevention and relief of suffering by means of early identification, assessment and treatment of pain and other problems, physical, psychosocial and spiritual. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Palliative care</a>
241	Paediatric Pain Management Service	Dedicated children's <a href="#">SERVICES</a> for complex pain disorders requiring diagnosis and treatment by a specialist <a href="#">Multidisciplinary Team</a> . For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Pain management</a>
242	Paediatric Intensive Care Service	Dedicated children's <a href="#">SERVICES</a> only to be used by designated Paediatric Intensive Care Units. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Intensive care medicine</a>
250	Paediatric Hepatology Service	Dedicated children's <a href="#">SERVICES</a> for the treatment of disease of the liver. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Hepatology</a>
251	Paediatric Gastroenterology Service	Dedicated children's <a href="#">SERVICES</a> for the treatment of disorders of the digestive system. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Gastroenterology</a>
252	Paediatric Endocrinology Service	Dedicated children's <a href="#">SERVICES</a> for the treatment of disorders of the endocrine system. Excludes Paediatric Diabetes Service - see <a href="#">TREATMENT FUNCTION CODES 263</a> . For further information, see: <a href="#">British Society for Paediatric Endocrinology and Diabetes</a>
253	Paediatric Clinical Haematology Service	Dedicated children's <a href="#">SERVICES</a> contributing to the diagnosis and management of diseases of the blood and bone marrow. May be consultative in other specialities including intensive care. Excludes Anticoagulant Service - see <a href="#">TREATMENT FUNCTION CODE 324</a> . For further information, see: <a href="#">NHS England: E03. Paediatric Medicine</a>
254	Paediatric Audio Vestibular Medicine Service	Dedicated children's <a href="#">SERVICES</a> for the investigation, diagnosis and management of patients with disorders of balance, hearing, tinnitus and auditory communication. Excludes Audiology Service - see <a href="#">TREATMENT FUNCTION CODE 840</a> . For further information, see: <a href="#">British Association of Paediatricians in Audiology</a>
255	Paediatric Clinical Immunology and Allergy Service	Dedicated children's <a href="#">SERVICES</a> for the treatment of disorders of the immune system and allergic disease. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Paediatric allergy, immunology and infectious diseases - sub-specialty</a>
256	Paediatric Infectious Diseases Service	Dedicated children's <a href="#">SERVICES</a> for the diagnosis and treatment of contagious or communicable diseases. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Paediatric allergy, immunology and infectious diseases - sub-specialty</a>

257	Paediatric Dermatology Service	Dedicated children's <a href="#">SERVICES</a> for the treatment of diseases of the skin. For further information, see: <a href="#">The British Society for Paediatric Dermatology (BSPD)</a>
258	Paediatric Respiratory Medicine Service	Dedicated children's <a href="#">SERVICES</a> for the diagnosis and treatment of respiratory conditions. Also known as Thoracic Medicine and Pulmonary Medicine. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Paediatric respiratory medicine - sub-specialty</a>
259	Paediatric Nephrology Service	Dedicated children's <a href="#">SERVICES</a> for the diagnosis and treatment of kidney conditions and abnormalities. Also known as Renal Medicine. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Nephrology</a>
260	Paediatric Medical Oncology Service	Dedicated children's <a href="#">SERVICES</a> for the diagnosis and treatment, typically with <a href="#">Chemotherapy</a> , of <a href="#">PATIENTS</a> with cancer. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Oncology</a>
261	Paediatric Inherited Metabolic Medicine Service	Formerly known as Paediatric Metabolic Disease. Dedicated children's <a href="#">SERVICES</a> for the diagnosis and management of inherited metabolic conditions utilising biochemistry and metabolic characteristics requiring the expertise of both the physician and chemical pathologist. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Inherited metabolic medicine</a>
262	Paediatric Rheumatology Service	Dedicated children's <a href="#">SERVICES</a> incorporating the investigation, multidisciplinary holistic management and rehabilitation of <a href="#">PATIENTS</a> with a wide spectrum of disorders of the musculoskeletal system encompassing the locomotor apparatus, bone and connective tissues and blood vessels. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Rheumatology</a>
263	Paediatric Diabetes Service	Formerly known as Paediatric Diabetes Medicine. Dedicated children's <a href="#">SERVICES</a> for the diagnosis, treatment and support of <a href="#">PATIENTS</a> with diabetes. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Diabetes</a>
264	Paediatric Cystic Fibrosis Service	Dedicated multidisciplinary children's <a href="#">SERVICES</a> concerned with the diagnosis, assessment and management of <a href="#">PATIENTS</a> with cystic fibrosis. This <a href="#">TREATMENT FUNCTION CODE</a> should be used by recognised specialist centres only. For further information, see: <a href="#">NHS England: A01. Specialised Respiratory</a>
270	Paediatric Emergency Medicine Service	Dedicated children's <a href="#">SERVICES</a> to care for <a href="#">PATIENTS</a> with urgent problems delivered as part of an <a href="#">Emergency Care Attendance</a> . Excludes Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 115. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Emergency Medicine</a>
280	Paediatric Interventional Radiology Service	Dedicated children's <a href="#">SERVICES</a> for the diagnosis and treatment of diseases utilising minimally invasive image-guided procedures. Not to be used for Diagnostic Imaging Service - see <a href="#">TREATMENT FUNCTION CODE</a> 812. For further information, see: <a href="#">British Society of Interventional Radiology - What is Interventional Radiology</a>
290	Community Paediatric Service	<a href="#">SERVICES</a> providing assessment and care to vulnerable children, including those with developmental disorders and disabilities, complex behavioural presentations, and those at risk of abuse or are being abused. Excludes Paediatric Neurodisability Service - see <a href="#">TREATMENT FUNCTION CODE</a> 291. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Community child health - sub-specialty</a>
291	Paediatric Neurodisability Service	Dedicated children's <a href="#">SERVICES</a> for the diagnosis and treatment of Cerebral Palsy and non-progressive handicapping neurological conditions, with or without <a href="#">Learning Disability/Intellectual Disability</a> . For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Neurodisability</a>
321	Paediatric Cardiology Service	Dedicated children's <a href="#">SERVICES</a> for diseases and abnormalities of the heart. Excludes Congenital Heart Disease Service - see <a href="#">TREATMENT FUNCTION CODE</a> 331. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board – Paediatric Cardiology</a>
421	Paediatric Neurology Service	Dedicated children's <a href="#">SERVICES</a> for diagnosis, management and medical treatment of conditions and diseases of the central nervous system, with appropriate facilities and support staff. Excludes Paediatric Epilepsy Service - see <a href="#">TREATMENT FUNCTION CODE</a> 223. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Neurology</a>
<b>Medical Specialties</b>		
180	Emergency Medicine Service	Formerly known as Accident & Emergency. <a href="#">SERVICES</a> to care for <a href="#">PATIENTS</a> with urgent problems delivered as part of an <a href="#">Emergency Care Attendance</a> . Excludes Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 115. For further information, see: <a href="#">The Royal College of Emergency Medicine</a>

190	Anaesthetic Service	<p><a href="#">SERVICES</a> for <a href="#">PATIENTS</a> being assessed for anaesthesia, as well as the provision of sedation and anaesthesia for patients undergoing interventional radiology and radiotherapy.</p> <p>This can be used in out-patients only. Pain Management Service should be recorded in <a href="#">TREATMENT FUNCTION CODE</a> 191. Intensive Care Medicine Service should be recorded in <a href="#">TREATMENT FUNCTION CODE</a> 192.</p> <p>For further information, see: <a href="#">Royal college of Anaesthetists - Anaesthetists</a></p>
191	Pain Management Service	<p><a href="#">SERVICES</a> for complex pain disorders requiring diagnosis and treatment by a specialist <a href="#">Multidisciplinary Team</a></p>
192	Intensive Care Medicine Service	<p>Formerly known as Critical Care Medicine.</p> <p><a href="#">SERVICES</a> using a body of specialist knowledge and practice concerned with the treatment of <a href="#">PATIENTS</a>, with, at risk of, or recovering from potentially life-threatening failure of one or more of the body's organ systems. It includes the provision of organ system support, the investigation, diagnosis, and treatment of acute illness, systems management and <a href="#">PATIENT</a> safety, ethics, end-of-life care, and the support of families. Typically, this will refer to <a href="#">CRITICAL CARE LEVEL</a> 2 and 3 beds within the scope of the <a href="#">Critical Care Minimum Data Set</a>.</p> <p>For further information, see: <a href="#">Faculty of Intensive Care Medicine</a></p>
200	Aviation and Space Medicine Service	<p>Also known as Aerospace Medicine Services.</p> <p>Aviation and Space Medicine <a href="#">SERVICES</a> study all factors affecting the <a href="#">PERSON</a> in flight. This may include pre-flight preparation and checks as well as inflight care to minimise the potentially harmful effects of their abnormal environment.</p> <p>For further information, see: <a href="#">Royal College of Physicians - Aviation and Space Medicine</a></p>
300	General Internal Medicine Service	<p>Formerly known as General Medicine.</p> <p><a href="#">SERVICES</a> include adults admitted as emergencies with acute medical problems, including multiple disorders. <a href="#">PATIENTS</a> with problems that are not clearly within the remit of a particular medical specialty are referred for the opinion of a general physician.</p> <p>For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - General Internal Medicine (GIM)</a></p>
301	Gastroenterology Service	<p>Screening, diagnostic and therapeutic endoscopy <a href="#">SERVICES</a> including upper and lower gastrointestinal (GI) endoscopy and hepatobiliary endoscopy. Excludes Hepatology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 306.</p>
302	Endocrinology Service	<p>The treatment of disorders of the endocrine system, excluding specific Diabetes Services - see <a href="#">TREATMENT FUNCTION CODE</a> 307.</p> <p>For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Endocrinology and Diabetes Mellitus</a></p>
303	Clinical Haematology Service	<p><a href="#">SERVICES</a> contributing to the diagnosis and management of diseases of the blood and bone marrow. May be consultative in other specialties including intensive care. Excludes Anticoagulant Service - see <a href="#">TREATMENT FUNCTION CODE</a> 324.</p> <p>For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Haematology</a></p>
304	Clinical Physiology Service	<p>Physiological measurement. Excludes Clinical Neurophysiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 401, Audiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 840, Respiratory Physiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 341, Cardiac Physiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 675, Gastrointestinal Physiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 677, Urological Physiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 670, Vascular Physiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 673 and Ophthalmic and Vision Science - see <a href="#">TREATMENT FUNCTION CODE</a> 461.</p> <p>For further information, see: <a href="#">The Registration Council for Clinical Physiologists</a></p>
305	Clinical Pharmacology Service	<p><a href="#">SERVICES</a> undertaking and interpreting clinical investigations including clinical trials; optimising the therapeutic use of drugs; detection and analysis of adverse drug effects; contribution to medicines evaluation and management of poisoning.</p> <p>For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Clinical Pharmacology and Therapeutics (CPT)</a></p>
306	Hepatology Service	<p>Medical <a href="#">SERVICES</a> for the diagnosis and treatment of liver disease. Also known as liver medicine. For hepatobiliary endoscopy, use Gastroenterology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 301</p>
307	Diabetes Service	<p>Formerly known as Diabetes Medicine.</p> <p><a href="#">SERVICES</a> to diagnose, treat and support <a href="#">PATIENTS</a> with diabetes.</p> <p>For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Endocrinology and Diabetes Mellitus</a></p>
308	Blood and Marrow Transplantation Service	<p><a href="#">SERVICES</a> recognised as specialist units and associated outreach services only. Includes pre- and post-operative specialised services for autologous, allogeneic or syngeneic Blood and Marrow Transplantation.</p> <p>For further information, see: <a href="#">British Society of Blood and Marrow Transplantation</a></p>
309	Haemophilia Service	<p>Specialist <a href="#">SERVICES</a> for the diagnosis, treatment and management of haemophilia.</p> <p>For further information, see: <a href="#">NHS England - F02. Specialised Blood Disorders</a></p>
310	Audio Vestibular Medicine Service	<p>Formerly known as Audiological Medicine.</p> <p><a href="#">SERVICES</a> concerned with the diagnosis and management of hearing and balance</p>

		<p>disorders, for example tinnitus, dysacusis and communication disorders. Rehabilitative/habilitative care is delivered by <a href="#">Multidisciplinary Teams</a> and is aimed at improving the well-being and quality of life of the <a href="#">PATIENT</a> concerned. Excludes Audiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 840. For further information, see: <a href="#">Joint Royal College of Physicians Training Board - Audio vestibular Medicine</a></p>
311	Clinical Genetics Service	<p><a href="#">SERVICES</a> for the diagnosis and management of genetic disorders affecting individuals and their families. For further information, see: <a href="#">Clinical Genetics</a></p>
312	not a Treatment Function	
313	Clinical Immunology and Allergy Service	<p><a href="#">SERVICES</a> for the diagnosis and management of <a href="#">PATIENTS</a> with diseases resulting from disordered immunological mechanisms, and allergic disease (abnormal immune responses to external substances). Should only be used where there are no separate <a href="#">SERVICES</a> for Clinical Immunology and Allergy. For separate services - See Clinical Immunology Service - <a href="#">TREATMENT FUNCTION CODE</a> 316 and Allergy Service - <a href="#">TREATMENT FUNCTION CODE</a> 317. For further information, see: <a href="#">Welcome to the British Society for Allergy &amp; Clinical Immunology (BSACI)</a></p>
314	Rehabilitation Medicine Service	<p>Formerly known as Rehabilitation Service. <a href="#">SERVICES</a> for the prevention, diagnosis, treatment and rehabilitation management of disabling conditions. Rehabilitation medicine is broadly divided into neurological rehabilitation, spinal cord injury, limb loss and prosthetics and/or musculoskeletal rehabilitation. Excludes Mental Health Recovery and Rehabilitation Service - see <a href="#">TREATMENT FUNCTION CODE</a> 725, Cardiac Rehabilitation Service - see <a href="#">TREATMENT FUNCTION CODE</a> 327, Pulmonary Rehabilitation Service - see <a href="#">TREATMENT FUNCTION CODE</a> 342, Orthotics Service - See <a href="#">TREATMENT FUNCTION CODE</a> 658 or Prosthetics Service - see <a href="#">TREATMENT FUNCTION CODE</a> 657. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Rehabilitation medicine</a></p>
315	Palliative Medicine Service	<p><a href="#">SERVICES</a> improving the quality of life of <a href="#">PATIENTS</a> and their families facing the problems associated with life-limiting illness and end of life care. Prevention and relief of suffering by means of early identification, assessment and treatment of pain and other physical, psychosocial and spiritual problems. For further information, see: <a href="#">Joint Royal College of Physicians - Specialty spotlight – palliative medicine</a></p>
316	Clinical Immunology Service	<p><a href="#">SERVICES</a> for the diagnosis and management of <a href="#">PATIENTS</a> with diseases resulting from disordered immunological mechanisms, and conditions in which immunological manipulations form an important part of therapy. Allergy <a href="#">SERVICES</a> should be recorded against Allergy Service - see <a href="#">TREATMENT FUNCTION CODE</a> 317. For further information, see: <a href="#">Joint Royal College of Physicians Training Board - Immunology</a></p>
317	Allergy Service	<p><a href="#">SERVICES</a> for the diagnosis and management of allergic disease (abnormal immune responses to external substances) and the exclusion of allergic causes in other conditions. For further information, see: <a href="#">Joint Royal College of Physicians Training Board - Allergy</a></p>
318	Intermediate Care Service	<p><a href="#">SERVICES</a> encompassing a range of multidisciplinary approaches, designed to safeguard independence by maximising rehabilitation and recovery after illness or injury. For further information, see: <a href="#">National Institute for Health and Care Excellence - Understanding intermediate care, including reablement</a></p>
319	Respite Care Service	<p><a href="#">SERVICES</a> providing temporary care of a dependant <a href="#">PERSON</a>, providing relief for their usual caregivers</p>
320	Cardiology Service	<p><a href="#">SERVICES</a> for <a href="#">PATIENTS</a> with heart disease covering a wide range of clinical activities. Management can involve interventional treatment, cardiac imaging, preventative and therapeutic options. This includes both diagnostic and interventional procedures in the cardiac catheterisation laboratory. For further information, see: <a href="#">Royal College of Physicians - Cardiology</a></p>
322	Clinical Microbiology Service	<p><a href="#">SERVICES</a> for the diagnosis, management and treatment of <a href="#">PATIENTS</a> with diseases caused by bacteria, viruses, fungi and parasites.</p>
323	Spinal Injuries Service	<p><a href="#">SERVICES</a> for non-surgical management of issues of the back and spine. To be used by recognised specialist units and associated outreach <a href="#">SERVICES</a> only. Excludes Spinal Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 108</p>
324	Anticoagulant Service	<p><a href="#">SERVICES</a> providing the monitoring and control of anticoagulant therapy, including the initiation and/or supervision of oral anticoagulant therapy and the determination of anticoagulant dosage. This can be used in out-patients only</p>
325	Sport and Exercise Medicine Service	<p>Specific <a href="#">SERVICES</a> providing diagnosis and management of medical problems caused by physical activity, the prevention of related injury and disease and the role of exercise in disease treatment. Excludes Trauma and Orthopaedic Service - see <a href="#">TREATMENT FUNCTION CODE</a> 110, Orthopaedic Surgery Service - see <a href="#">TREATMENT FUNCTION</a></p>

		<a href="#">CODE 111</a> , and Trauma Surgery Service - see <a href="#">TREATMENT FUNCTION CODE 115</a> . For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Sport and Exercise Medicine</a>
326	Acute Internal Medicine Service	<a href="#">SERVICES</a> concerned with the assessment, diagnosis and management of adults presenting to secondary care with acute medical illness. For further information, see: <a href="#">Acute Internal Medicine</a>
327	Cardiac Rehabilitation Service	<a href="#">SERVICES</a> for <a href="#">PATIENTS</a> recovering from heart-related conditions such as heart attacks or procedures such as coronary artery bypass surgery to ensure that they achieve their full potential in terms of physical and psychological health
328	Stroke Medicine Service	<a href="#">SERVICES</a> for diagnosis, investigation, treatment and care of stroke <a href="#">PATIENTS</a> . Excludes out-patients for Transient Ischaemic Attack Service - see <a href="#">TREATMENT FUNCTION CODE 329</a> . For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Stroke Medicine (sub-specialty)</a>
329	Transient Ischaemic Attack Service	A multidisciplinary out-patient <a href="#">SERVICE</a> for rapid diagnosis and treatment of <a href="#">PATIENTS</a> presenting with suspected Transient Ischaemic Attack and mini-strokes to minimise the chance of a full stroke occurring and maximise the chances of independent living after a stroke. For further information, see: <a href="#">National Institute for Health and Care Excellence - Stroke and transient ischaemic attack</a>
330	Dermatology Service	<a href="#">SERVICES</a> for the treatment of diseases of the skin. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Dermatology</a>
331	Congenital Heart Disease Service	The management and treatment of congenital heart disease, including the ongoing care of children into adulthood. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Paediatric cardiology</a>
333	Rare Disease Service	<a href="#">SERVICES</a> for rare diseases, many of which are present at birth and are either caused by a genetic problem or deficiencies or exposures to substances around the time of conception or during pregnancy. This <a href="#">TREATMENT FUNCTION CODE</a> should be used by designated specialist centres only. For further information, see: <a href="#">National Congenital Anomaly and Rare Disease Registration Service</a>
335	Inherited Metabolic Medicine Service	<a href="#">SERVICES</a> for the diagnosis and management of inherited metabolic conditions utilising biochemistry and metabolic characteristics requiring the expertise of both the physician and chemical pathologist. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Metabolic Medicine</a>
340	Respiratory Medicine Service	Respiratory Medicine is also known as Thoracic Medicine and Pulmonary Medicine. <a href="#">SERVICES</a> for the investigation, diagnosis, management and treatment of <a href="#">PATIENTS</a> with respiratory complaints. Excludes acute respiratory failure and adult respiratory distress syndrome (ARDS) - see Intensive Care Medicine Service <a href="#">TREATMENT FUNCTION CODE 192</a> and Respiratory Physiology Service - see <a href="#">TREATMENT FUNCTION CODE 341</a> . For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Respiratory Medicine</a>
341	Respiratory Physiology Service	<a href="#">SERVICES</a> for the physiological measurement of the function of the respiratory system. Excludes Sleep Medicine Service - see <a href="#">TREATMENT FUNCTION CODE 347</a> . For further information, see: <a href="#">Association for Respiratory Technology &amp; Physiology</a>
342	Pulmonary Rehabilitation Service	Formerly known as Programmed Pulmonary Rehabilitation. A multidisciplinary <a href="#">SERVICE</a> for <a href="#">PATIENTS</a> with chronic respiratory impairment. For further information, see: <a href="#">NHS England: Pulmonary rehabilitation</a>
343	Adult Cystic Fibrosis Service	Multidisciplinary <a href="#">SERVICE</a> concerned with the diagnosis, assessment and management of <a href="#">PATIENTS</a> with cystic fibrosis. This <a href="#">TREATMENT FUNCTION CODE</a> should be used by designated specialist centres only. For further information, see: <a href="#">NHS England: A01. Specialised Respiratory</a>
344	Complex Specialised Rehabilitation Service	This <a href="#">TREATMENT FUNCTION CODE</a> will be removed from use from April 2022. No new services should use this code in submissions. However, the previous definition has been retained below for reference:  Complex specialised rehabilitation <a href="#">SERVICE</a> which meets the NHS Specialised Services Rehabilitation Services' criteria and is registered as a Level 1 service
345	Specialist Rehabilitation Service	This <a href="#">TREATMENT FUNCTION CODE</a> will be removed from use from April 2022. No new services should use this code in submissions. However, the previous definition has been retained below for reference:  Specialist rehabilitation <a href="#">SERVICE</a> which meets the NHS Specialised Services Rehabilitation Services' criteria and is registered as a Level 2a service.
346	Local Specialist Rehabilitation Service	This <a href="#">TREATMENT FUNCTION CODE</a> will be removed from use from April 2022. No new services should use this code in submissions. However, the previous definition has been retained below for reference:

		Local specialist rehabilitation <a href="#">SERVICE</a> which meets the NHS Specialised Services Rehabilitation Services' criteria and is registered as a Level 2b service.
347	Sleep Medicine Service	<a href="#">SERVICES</a> providing diagnosis and management of sleep disorders including parasomnias, excessive daytime sleepiness and sleep apnoea. For further information, see: <a href="#">Royal Society of Medicine - Sleep Medicine Section</a>
348	Post-COVID-19 Syndrome Service	Multidisciplinary <a href="#">SERVICES</a> for <a href="#">PATIENTS</a> experiencing long-term health effects following COVID-19 infection, whether or not this was diagnosed at the time of acute illness or the patient was initially asymptomatic. Post-COVID-19 syndrome has also been known as 'long COVID'. For further information, see: <a href="#">National Institute for Health and Care Excellence - COVID-19 guideline: management of the long-term effects of COVID-19</a> and <a href="#">NHS England and NHS Improvement coronavirus - National guidance for post-COVID syndrome assessment clinics</a>
350	Infectious Diseases Service	<a href="#">SERVICES</a> for the diagnosis, management and treatment of infectious diseases. Excludes Tropical Medicine Service - see <a href="#">TREATMENT FUNCTION CODE</a> 352. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Infectious Diseases</a>
352	Tropical Medicine Service	<a href="#">SERVICES</a> for the diagnosis, management and treatment of diseases that are found most often in tropical or sub-tropical regions. This <a href="#">TREATMENT FUNCTION CODE</a> should be used by designated specialist centres only. Excludes Infectious Diseases Service - see <a href="#">TREATMENT FUNCTION CODE</a> 350. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Infectious Diseases and Tropical Medicine</a>
360	Genitourinary Medicine Service	<a href="#">SERVICES</a> for the investigation and management of sexually transmitted infections and HIV. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Genitourinary Medicine (GUM)</a>
361	Renal Medicine Service	Formerly known as Nephrology. <a href="#">SERVICES</a> for <a href="#">PATIENTS</a> with acute renal failure and chronic kidney disease requiring long term care with the help of a <a href="#">Multidisciplinary Team</a> . Most general medical problems in <a href="#">PATIENTS</a> with kidney disease are managed by the Renal Medicine Service. Excludes acute renal replacement therapy in the critical care setting, see Intensive Care Medicine Service - <a href="#">TREATMENT FUNCTION CODE</a> 192. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Renal Medicine</a>
370	Medical Oncology Service	<a href="#">SERVICES</a> for the specialised assessment and management of <a href="#">PATIENTS</a> with cancer using chemotherapy. Includes treatment option discussions with <a href="#">PATIENTS</a> , supervision of therapy and management of any complications of disease and/or treatment that may arise. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Medical Oncology</a>
371	Nuclear Medicine Service	<a href="#">SERVICES</a> responsible for administration of unsealed radioactive substances to <a href="#">PATIENTS</a> for the purposes of diagnosis, therapy or research. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Nuclear Medicine</a>
400	Neurology Service	<a href="#">SERVICES</a> for the diagnosis, management and medical treatment of neurological conditions. Excludes Stroke Medicine Service - <a href="#">TREATMENT FUNCTION CODE</a> 328, out-patients for Transient Ischaemic Attack Service – see <a href="#">TREATMENT FUNCTION CODE</a> 329. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Neurology</a>
401	Clinical Neurophysiology Service	Primarily diagnostic <a href="#">SERVICE</a> concerned with recording electrical activity from the nervous system to aid diagnosis, classification and management of neurological disease. Includes Electroencephalogram (EEG) and Electromyography (EMG). For further information, see: <a href="#">Joint Royal College of Physicians - Clinical Neurophysiology</a>
410	Rheumatology Service	<a href="#">SERVICES</a> incorporating the investigation, holistic management and rehabilitation of <a href="#">PATIENTS</a> with a wide spectrum of disorders of the musculoskeletal system encompassing the locomotor apparatus, bone and connective tissues and blood vessels. For further information, see: <a href="#">Joint Royal College of Physicians - Rheumatology</a>
420	Paediatric Service	Dedicated children's <a href="#">SERVICES</a> for the treatment of patients typically aged 0 to 18 for medical conditions, however the environments and other members of the multidisciplinary service are likely to care for surgical <a href="#">PATIENTS</a> too. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - General paediatrics - level 3 training</a>
422	Neonatal Critical Care Service	Formerly known as Neonatology. <a href="#">SERVICES</a> providing care for all babies that require on-going, enhanced medical care following birth. Neonatal critical care <a href="#">SERVICES</a> are provided in a variety of settings dependent upon the interventions required for the baby and with dedicated transport

		<p>services to support babies being transferred to and from neonatal care units. Use when <a href="#">NEONATAL LEVEL OF CARE</a> = 1, 2 or 3. Includes Special Care Baby Units (SCBU), Local Neonatal Units (LNU) and Neonatal Intensive Care Units (NICU). Any readmission would be to Paediatric Service - see <a href="#">TREATMENT FUNCTION CODE</a> 420, or Paediatric Intensive Care Service - see <a href="#">TREATMENT FUNCTION CODE</a> 242. For further information, see: <a href="#">Royal College of Paediatrics and Child Health - Neonatal medicine - sub-specialty</a> and <a href="#">NHS England - E08. Neonatal Critical Care</a></p>
424	Well Baby Service	<p><a href="#">SERVICES</a> for healthy infants born and referenced by the Maternity record who do not require any intervention other than health screening and prophylactic healthcare. General care given by the mother/substitute with healthcare education if needed. <b>Use when NEONATAL LEVEL OF CARE = 0 - Normal Care.</b> Excludes Neonatal Critical Care Service - see <a href="#">TREATMENT FUNCTION CODE</a> 422</p>
430	Elderly Medicine Service	<p>Formerly known as Geriatric Medicine. <a href="#">SERVICES</a> to treat diseases and disabilities in older adults, particularly those with multiple morbidities. There is no set age at which <a href="#">PATIENTS</a> may be under the care of the Elderly Medicine Service, this decision should be determined by the individual <a href="#">PATIENT</a>'s needs. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Geriatric Medicine</a></p>
431	Orthogeriatric Medicine Service	<p>Multidisciplinary <a href="#">SERVICES</a> addressing clinical and social needs in the management of <a href="#">PATIENTS</a> with fragility fractures, including hip fractures. The care provided aims to be holistic and to include secondary prevention of fractures as well as acute care. For further information, see: <a href="#">GM - Orthogeriatrics</a></p>
450	Dental Medicine Service	<p><a href="#">SERVICES</a> for dental treatment carried out in a hospital setting. Includes Oral Medicine. For further information, see: <a href="#">British Dental Association</a></p>
451	Special Care Dentistry Service	<p><a href="#">SERVICES</a> concerned with the improvement of the oral health of <a href="#">PATIENTS</a> and groups in society who have a physical, sensory, intellectual, mental, medical, emotional or social impairment or <a href="#">DISABILITY</a> or, more often, a combination of these factors. The specialty focuses on adolescents and adults only and includes the important period of transition as the adolescent moves into adulthood. For further information, see: <a href="#">Special Care Dentistry Association (SCDA)</a></p>
460	Medical Ophthalmology Service	<p>Medically-led <a href="#">SERVICES</a> including assessment, investigation, diagnosis and management of inflammatory, vascular and neurological disorders affecting vision. May include public health screening, for example diabetic retinopathy screening. For further information, see: <a href="#">Joint Royal Colleges of Physicians Training Board - Medical Ophthalmology</a></p>
461	Ophthalmic and Vision Science Service	<p><a href="#">SERVICES</a> providing physiological measurement of the function of the eye and vision. Includes diagnostic electrophysiology of vision, imaging and biometry. For further information, see: <a href="#">NHS Health Education England: Ophthalmic and vision science</a></p>
500	not a Treatment Function	
501	Obstetrics Service	<p><a href="#">SERVICES</a> managing high risk pregnancy and childbirth including miscarriages and stillbirths but specifically excluding planned terminations. Excludes Midwifery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 560. For further information, see: <a href="#">Royal College of Obstetricians &amp; Gynaecologists - Obstetrics and Gynaecology</a></p>
502	Gynaecology Service	<p><a href="#">SERVICES</a> for the diagnosis, management and treatment of disorders of the female reproductive system. Includes planned terminations of pregnancy. For further information, see: <a href="#">Royal College of Obstetricians &amp; Gynaecologists - Obstetrics and Gynaecology</a></p>
503	Gynaecological Oncology Service	<p><a href="#">SERVICES</a> to treat cancers of the female reproductive system, principally involving surgical members of the <a href="#">Multidisciplinary Team</a>. For further information, see: <a href="#">British Gynaecological Cancer Society</a></p>
504	Community Sexual and Reproductive Health Service	<p><a href="#">SERVICES</a> supporting people to have a positive and respectful approach to sexuality and sexual relationships and to have pleasurable and safe sexual experiences, free of infection, coercion, discrimination and violence. The <a href="#">SERVICE</a> also provides access to contraception and signposts Maternity Services to support pregnancy and childbirth. Excludes Genitourinary Medicine Service - see <a href="#">TREATMENT FUNCTION CODE</a> 360 and Midwifery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 560. For further information, see: <a href="#">Faculty of Sexual and Reproductive Healthcare (FSRH)</a></p>
505	Fetal Medicine Service	<p><a href="#">SERVICES</a> providing specialist care at a designated centre for the fetus or fetuses and mother. This includes assessment of fetal growth and wellbeing; the diagnosis and management of identified fetal disorders (including fetal abnormalities); prenatal fetal intervention and surgery; and counselling and support for parents. Excludes routine maternity screening activities - see Midwifery Service <a href="#">TREATMENT FUNCTION CODE</a> 560.</p>
510	Retired	Record as Obstetrics, antenatal clinic can be used as a local sub-specialty if required
520	Retired	Record as Obstetrics, postnatal clinic can be used as a local sub-specialty if required
600	not a Treatment Function	
610	Retired	Record as Obstetrics

620	Retired	Use the appropriate function under which the patient is treated
834	Medical Virology Service	Clinical <a href="#">SERVICES</a> for the diagnosis, management and prevention of blood-borne and/or airborne viral infections. For further information, see: <a href="#">Royal College of Pathologists - MEDICAL VIROLOGY</a>
<b>Mental Health Services</b>		
656	Clinical Psychology Service	<a href="#">Mental Health Services</a> for the assessment, management and treatment of problems including addiction, anxiety, depression, behavioural difficulties and relationship issues. Methods of assessment include psychometric tests, interviews and direct observation of behaviour. Assessment may lead to advice, counselling or therapy. For further information, see: <a href="#">The British Psychological Society</a>
700	Learning Disability Service	Also known as <a href="#">Intellectual Disability</a> Service. <a href="#">Mental Health Services</a> provided to <a href="#">PATIENTS</a> with a <a href="#">Learning Disability</a> . For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of the Psychiatry of Intellectual Disability</a> and <a href="#">British Institute of Learning Disabilities</a>
710	Adult Mental Health Service	<a href="#">Mental Health Services</a> provided to adult <a href="#">PATIENTS</a> for the assessment, diagnosis and treatment of mental illness and maintenance of mental health. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of General Adult Psychiatry</a>
711	Child and Adolescent Psychiatry Service	<a href="#">Mental Health Services</a> for children and young people with somatisation and complex presentations, behavioural challenges, eating disorders, mood disorders, anxiety, and other mental health presentations. Excludes Paediatric Neurodisability Service - see <a href="#">TREATMENT FUNCTION CODE</a> 291 and specialist Eating Disorders Service - see <a href="#">TREATMENT FUNCTION CODE</a> 720. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Child and Adolescent Psychiatry</a>
712	Forensic Psychiatry Service	<a href="#">Mental Health Services</a> for the assessment, management and treatment of <a href="#">PATIENTS</a> who are being held in high, medium and low secure units or prisons. This includes prevention of further harm in the community or to the individual themselves. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Forensic Psychiatry</a>
713	Medical Psychotherapy Service	Formerly known as Psychotherapy. Multidisciplinary <a href="#">Mental Health Services</a> to assess, manage and treat children and adults with mental health problems using talking therapies and other psychotherapeutic techniques. For further information, see: <a href="#">Faculty of Medical Psychotherapy</a>
715	Old Age Psychiatry Service	<a href="#">Mental Health Services</a> providing the specialised assessment, treatment and continuing care for older adults suffering a range of mental illnesses, including dementia, depression or schizophrenia. Excludes specific Dementia Assessment Service - see <a href="#">TREATMENT FUNCTION CODE</a> 727. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Old Age Psychiatry</a>
720	Eating Disorders Service	A specialist <a href="#">SERVICE</a> for the diagnosis and treatment of eating disorders including anorexia, bulimia and compulsive overeating. This is usually a multidisciplinary service which needs to consider both physical and mental health aspects of the <a href="#">PATIENT</a> 's care. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Eating Disorders Psychiatry</a>
721	Addiction Service	<a href="#">Mental Health Services</a> for the treatment of addictive behaviour, including substance misuse, drugs, alcohol, tobacco and gambling. Excludes <a href="#">PATIENTS</a> with both severe mental illness and problematic substance misuse, see Mental Health Dual Diagnosis Service - <a href="#">TREATMENT FUNCTION CODE</a> 726. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Addictions Psychiatry</a>
722	Liaison Psychiatry Service	<a href="#">Mental Health Services</a> for the provision of psychiatric treatment to <a href="#">PATIENTS</a> attending acute hospitals including <a href="#">Out-Patient Clinics</a> , <a href="#">Emergency Care Departments</a> and admission to <a href="#">WARDS</a> . Deals with the interface between physical and psychological health. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Liaison Psychiatry</a>
723	Psychiatric Intensive Care Service	<a href="#">Mental Health Services</a> provided to vulnerable individuals with severe disturbances who are admitted to Psychiatric Intensive Care Units from mental health acute wards and forensic settings. For further information, see: <a href="#">Royal College of Psychiatrists - Quality Network for Psychiatric Intensive Care Units</a>
724	Perinatal Mental Health Service	Formerly known as Perinatal Psychiatry. Specialist <a href="#">Mental Health Services</a> for the assessment, management and treatment of pre-existing or new mental health issues during pregnancy or after delivery. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Perinatal Psychiatry</a>
725	Mental Health Recovery and Rehabilitation Service	<a href="#">Mental Health Services</a> provided to support recovery from mental illness that maximises the <a href="#">PATIENTS'</a> quality of life and social inclusion by encouraging their skills,

		promoting independence and autonomy. For further information, see: <a href="#">Faculty of Rehabilitation and Social Psychiatry</a>
726	Mental Health Dual Diagnosis Service	<a href="#">Mental Health Services</a> to provide support to <a href="#">PATIENTS</a> with both severe mental illness and substance misuse problems. For further information, see: <a href="#">Mind: Recreational drugs and alcohol</a>
727	Dementia Assessment Service	Designated <a href="#">Mental Health Services</a> for the assessment of <a href="#">PATIENTS</a> who have or are suspected to have dementia. Dementia complicates care giving and can occur at any stage of the illness and at any age. In addition to memory impairment, dementia may include behavioural and psychological problems. For non-specific Old Age Psychiatry Service - see <a href="#">TREATMENT FUNCTION CODE</a> 715. For further information, see: <a href="#">Royal College of Psychiatrists - Dementia pathway</a>
730	Neuropsychiatry Service	<a href="#">Mental Health Services</a> for brain disorders and integration of psychiatry within clinical neurosciences. For further information, see: <a href="#">Royal College of Psychiatrists - Faculty of Neuropsychiatry</a>
<b>Other Services</b>		
560	Midwifery Service	<a href="#">SERVICES</a> for managing antenatal and perinatal care during pregnancy, and postnatal care following delivery, provided under the direct care of a <a href="#">MIDWIFE</a> . Excludes Obstetrics Service - see <a href="#">TREATMENT FUNCTION CODE</a> 501. For further information, see: <a href="#">Royal College of Midwives</a>
650	Physiotherapy Service	<a href="#">SERVICES</a> helping <a href="#">PATIENTS</a> affected by injury, illness or <a href="#">DISABILITY</a> through movement and exercise, manual therapy, education and advice to manage pain and prevent disease. To encourage development and facilitate recovery, enabling maintenance of work and independence for as long as possible. For further information, see: <a href="#">Chartered Society of Physiotherapy (CSP) - Physiotherapy</a>
651	Occupational Therapy Service	<a href="#">SERVICES</a> using specific activities to limit the effects of <a href="#">DISABILITY</a> and promote independence in all aspects of daily life
652	Speech and Language Therapy Service	<a href="#">SERVICES</a> providing assessment, management and treatment of speech, language, communication and swallowing issues in <a href="#">PATIENTS</a> of all ages. For further information, see: <a href="#">Royal College of Speech &amp; Language Therapists - Speech and language therapy</a>
653	Podiatry Service	Also known as Chiropody. <a href="#">SERVICES</a> for the diagnosis and treatment of disorders, diseases and deformities of the feet. Excludes Podiatric Surgery Service - see <a href="#">TREATMENT FUNCTION CODE</a> 663. For further information, see: <a href="#">The College of Podiatry</a>
654	Dietetics Service	<a href="#">SERVICES</a> applying the science of nutrition to improve health and treat diseases/conditions by educating and giving practical, personalised advice to <a href="#">PATIENTS</a> , <a href="#">Patient Proxies</a> and other members of the <a href="#">Multidisciplinary Team</a> . They advise on and help to maintain nutritional status during dietary interventions such as exclusion diets and to recommend nutritional supplements. For further information, see: <a href="#">British Dietetic Association</a>
655	Orthoptics Service	<a href="#">SERVICES</a> providing the diagnosis and treatment of visual problems involving eye movement and alignment. For further information, see: <a href="#">British and Irish Orthoptic Society</a>
657	Prosthetics Service	<a href="#">SERVICES</a> providing gait analysis and engineering solutions to patients with limb loss. They design and provide prostheses that replicate the structural or functional characteristics of the <a href="#">PATIENTS</a> absent limb. They often work autonomously or part of <a href="#">Multidisciplinary Teams</a> working closely with <a href="#">Physiotherapists</a> and <a href="#">Occupational Therapists</a> as part of multidisciplinary amputee rehabilitation teams. For further information, see: <a href="#">British Association of Prosthetists and Orthotists (BAPO) - Prosthetists</a>
658	Orthotics Service	<a href="#">SERVICES</a> providing gait analysis and engineering solutions to <a href="#">PATIENTS</a> with needs of the neuro, muscular and skeletal systems. They design and provide orthoses that modify the structural or functional characteristics of the <a href="#">PATIENTS</a> neuro-muscular and skeletal systems enabling patients to mobilise, eliminate gait deviations, reduce falls, reduce pain, prevent and facilitate healing of ulcers. They often work autonomously or part of <a href="#">Multidisciplinary Teams</a> such as within the diabetic foot team or neuro-rehabilitation team. For further information, see: <a href="#">The British Association of Prosthetists and Orthotists (BAPO) - Orthotists</a>
659	Dramatherapy Service	<a href="#">SERVICES</a> providing dramatherapy which is a form of psychological therapy focussing on the use of performance arts within the therapeutic relationship. For further information, see: <a href="#">British Association of Dramatherapists</a>
660	Art Therapy Service	<a href="#">SERVICES</a> delivering a form of psychotherapy that uses art media as its primary mode of expression and communication. Within this context, art is not used as diagnostic tool but as a medium to address emotional issues which may be confusing and distressing. For further information, see: <a href="#">British Association of Art Therapists</a>
661	Music Therapy Service	<a href="#">SERVICES</a> delivering a form of psychotherapy that uses music to support psychological, emotional, cognitive, physical, communicative and/or social needs. For further information, see: <a href="#">British Association for Music Therapy</a>
662	Optometry Service	

		<a href="#">SERVICES</a> providing the diagnosis and non-surgical treatment of disorders of the eye and vision care
663	Podiatric Surgery Service	<a href="#">SERVICES</a> involved in the complex management of the foot and ankle involving surgery under both local and general anaesthetic. Excludes Podiatry Service - see <a href="#">TREATMENT FUNCTION CODE</a> - 653. For further information, see: <a href="#">The College of Podiatry</a>
670	Urological Physiology Service	Diagnostic <a href="#">SERVICES</a> for the study of erectile, upper and lower urinary tract function, including urodynamics. For further information, see: <a href="#">The British Association of Urological Surgeons</a>
673	Vascular Physiology Service	Diagnostic <a href="#">SERVICES</a> for the study of arterial and venous circulation primarily using Doppler ultrasound but including tests such as pressure measurement and plethysmography. Excludes Cardiac Physiology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 675. For further information, see: <a href="#">The Society for Vascular Technology</a>
675	Cardiac Physiology Service	<a href="#">SERVICES</a> providing physiological measurements of the heart structure/function and response to therapeutic/surgical intervention through the means of a wide spectrum of non-invasive and invasive cardiac diagnostic testing. Examples include echocardiography, cardiac device management. For further information, see: <a href="#">Society for Cardiological Science and Technology (SCST)</a>
677	Gastrointestinal Physiology Service	<a href="#">SERVICES</a> providing physiological measurement of the gastrointestinal tract. This includes standard catheter based oesophageal pH studies, oesophageal pH impedance, oesophageal manometry, ano-rectal manometry, wireless capsule studies. Excludes Gastroenterology Service - see <a href="#">TREATMENT FUNCTION CODE</a> 301. For further information, see: <a href="#">AGIP – Association of GI Physiologists</a>
800	Clinical Oncology Service	Formerly known as Radiotherapy. The diagnosis and treatment, typically with <a href="#">Radiotherapy</a> , of <a href="#">PATIENTS</a> with cancer. For further information, see: <a href="#">Royal College of Radiologists - Clinical oncology</a>
810	not a Treatment Function	
811	Interventional Radiology Service	<a href="#">SERVICES</a> delivering a range of techniques using radiological image guidance including X-ray fluoroscopy, ultrasound, <a href="#">Computerised Tomography Scan</a> , or <a href="#">Magnetic Resonance Imaging Scan</a> (MRI) to precisely target therapy. Excludes Interventional Cardiology - see Cardiology Service <a href="#">TREATMENT FUNCTION CODE</a> 320, and Diagnostic Imaging Service - see <a href="#">TREATMENT FUNCTION CODE</a> 812. For further information, see: <a href="#">British Society of Interventional Radiology - What is Interventional Radiology</a>
812	Diagnostic Imaging Service	<a href="#">SERVICES</a> providing medical imaging, especially X-ray based examinations, Ultrasound scan, <a href="#">MRI Scan</a> , <a href="#">PET Scan</a> or <a href="#">CT Scan</a> . Diagnostic imaging is used to confirm, assess and document diseases, as well as to assess responses to treatment. For further information, see: <a href="#">WHO: Diagnostic imaging</a>
820	not a Treatment Function	
821	not a Treatment Function	
822	Chemical Pathology Service	<a href="#">SERVICES</a> interpreting biochemical investigation results to assess, diagnose and treat diseases. To be used for the clinical management of <a href="#">PATIENTS</a> by chemical pathology only. For further information, see: <a href="#">Royal College of Pathologists - CHEMICAL PATHOLOGY</a>
823	not a Treatment Function	See Clinical Haematology
824	not a Treatment Function	
830	not a Treatment Function	See Clinical Immunology
831	not a Treatment Function	See Clinical Microbiology
832	Retired	
840	Audiology Service	<a href="#">SERVICES</a> providing physiological measurement and diagnosis of hearing disorders, and the rehabilitation of <a href="#">PATIENTS</a> with hearing loss. Include hearing services activity, such as hearing tests and the fitting of hearing aids. For further information, see: <a href="#">British Society of Audiology</a>
900	not a Treatment Function	
901	not a Treatment Function	
902	not a Treatment Function	
903	not a Treatment Function	
904	not a Treatment Function	
920	Diabetic Education Service	<a href="#">SERVICES</a> providing dedicated small group education courses regarding self-management for diabetic <a href="#">PATIENTS</a>
950	not a Treatment Function	Use the appropriate function under which the patient is treated
960	not a Treatment Function	Use the appropriate function under which the patient is treated
990	Retired	

**Notes:**

†	Code 500 is not acceptable for data sets/collections including <a href="#">Hospital Episode Statistics</a>
	<a href="#">TREATMENT FUNCTION CODES</a> should be used for all data sets/collections unless otherwise stated e.g. <a href="#">National Workforce Data Set</a> uses <a href="#">MAIN SPECIALTY CODES</a>

XML Schemas and Release Notes can be downloaded from [Technology Reference Data Update Distribution \(TRUD\)](#).

In order to access the XML Schemas and Release Notes on [Technology Reference Data Update Distribution \(TRUD\)](#), users will be required to:

- Create a [TRUD](#) account at: [TRUD: Account Creation](#) (if an account does not currently exist. This only has to be done once to access any XML Schema)
- Log into [TRUD](#) at: [TRUD: Log in](#)
- Access [NHS Data Model and Dictionary: DD XML Schemas](#) and subscribe to the XML Schema to be downloaded
- Accept the licence and request the subscription (an email will be sent immediately to confirm that the request has been accepted and the files can be downloaded, which avoids any delays)
- Once the "Subscription accepted" email has been received, download the zip file from [NHS Data Model and Dictionary: DD XML Schemas](#).

Once an XML Schema has been added to [TRUD](#), users who have subscribed to that item will be automatically notified by email of any updates to that area, for example, new versions, retirements etc.

#### XML Schema Download:

XML Schemas and Release Notes for the following Data Sets in the NHS Data Model and Dictionary can be downloaded from [Technology Reference Data Update Distribution \(TRUD\)](#) at: [NHS Data Model and Dictionary: DD XML Schemas](#).

- [Cancer Outcomes and Services Data Set \(COSDS\)](#)
- [Community Services Data Set \(CSDS\)](#)
- [Commissioning Data Set \(CDS\) V6-2](#)
- [Commissioning Data Set \(CDS\) V6-2 and V6-2-0](#)
- [Commissioning Data Set \(CDS\) V6-2-1](#)
- [Commissioning Data Set \(CDS\) V6-2-2](#)
- [Commissioning Data Set \(CDS\) V6-2-3](#)
- [Diagnostic Imaging Data Set \(DIDS\)](#)
- [HIV and AIDS Reporting Data Set \(HARS\)](#)
- [Maternity Services Data Set \(MSDS\)](#)
- [National Cancer Waiting Times Monitoring Data Set \(NCWTMDS\)](#)

For supplementary information on the XML Schema Publication and Download, see the [NHS Data Model and Dictionary Service](#) part of the [NHS Digital](#) website at: [Policies: XML Schema Publication and Download guidance](#).

---

#### CDS MESSAGE VERSION NUMBER

---

Change to Attribute: Changed Description

The version number of the [Commissioning Data Set](#) XML Schema in use.

The [Commissioning Data Set](#) message version numbers are updated as required during the on-going message development processes.

#### National Codes:

NHS003	The 2000 / 2001 Specification
NHS004	The 2004 / 2005 CDS XML Specification
NHS005	The 2005 / 2006 CDS XML Specification: For implementation of XML messaging in the <a href="#">Secondary Uses Service</a>
CDS006	The 2007 CDS-XML Specification (CDS V6-0/6-1/6-1-1): Note the change to the prefix <b>CDS</b>
CDS062	<del>The 2012 CDS XML Specification (V6-2/6-2-1/6-2-2/6-2-3): Note the change to the format which represents the sub-version identifier (version 6-2)</del>
CDS062	The 2012 CDS XML Specification (V6-2/6-2-1/6-2-2/6-2-3/6-2-0): Note the change to the format which represents the sub-version identifier (version 6-2)

---

#### MAIN SPECIALTY CODE

---

Change to Attribute: Changed Description

A unique code identifying each [MAIN SPECIALTY](#) designated by Royal Colleges. This is the same as the [NHS OCCUPATION CODES](#) describing specialties.

Specialties are divisions of clinical work which may be defined by body systems (dermatology), age (paediatrics), clinical technology (nuclear medicine), clinical function (rheumatology), group of diseases (oncology) or combinations of these factors. Only Specialty titles recognised by the Royal Colleges and Faculties should be used. This list is maintained by the General and Specialist Medical Practice (Education, Training and Qualifications) Order 2003 and European Primary and Specialist Dental Qualifications Regulations 1998.

Each [CONSULTANT](#) should be assigned a [MAIN SPECIALTY](#) by the [ORGANISATION](#) to which the [CONSULTANT](#) is contracted. For physicians and surgeons with a generalist component to their work, the [MAIN SPECIALTY](#) should be general medicine or general surgery. The hallmark of a general physician or general surgeon is the continued care of unselected emergency referrals. The [MAIN SPECIALTY](#) is specific to a [Health Care Provider](#). If, for example, a [CONSULTANT](#) physician working in two [Health Care Providers](#) has a generalist component to the work in one and not the other, general medicine is only assigned as the [MAIN SPECIALTY](#) in the former case. [CONSULTANTS](#) in general medicine or general surgery may also have specialist interests and these should be recorded as well as the [MAIN SPECIALTY](#).

The initial source of the information should be the designation on the [CONSULTANT](#)'s contract. This should be checked periodically against the work a [CONSULTANT](#) is actually doing so that the statistics can relate to a [CONSULTANT](#)'s current type of work.

The [MAIN SPECIALTY](#) only should be used for the purpose of producing Specialty costing statistics and for Workforce statistics where links with [ACTIVITY](#) and finance are required. Other specialist interests of [CONSULTANTS](#) may be recorded for workforce planning purposes.

This will be used to indicate the skill level of medical and dental employees.

Pseudo [MAIN SPECIALTY CODES](#) should be used in Commissioning Data Set messages for lead [CARE PROFESSIONALS](#) other than [CONSULTANT](#) medical and dental staff e.g. 560, 950 and 960.

The [MAIN SPECIALTY CODE](#) for [GENERAL PRACTITIONERS](#) is General Medical Practice or General Dental Practice.

Joint [Consultant Clinic ACTIVITY](#) should be recorded against the [MAIN SPECIALTY CODE](#) of the [CONSULTANT](#) managing the clinic.

For further information, contact [NHS Digital](#) by email at: [enquiries@nhsdigital.nhs.uk](mailto:enquiries@nhsdigital.nhs.uk) with the subject "Main Specialty and Treatment Function Codes".

**Further information on the groupings and each [MAIN SPECIALTY CODE](#) is provided at: [Main Specialty and Treatment Function Codes Table](#).**

Note:

- ~~New National Codes for [MAIN SPECIALTY CODE](#) were introduced from 2 April 2020 as part of the update to the [DCB0028: Treatment Function and Main Specialty Standard](#). Note that new codes should not be reported nationally until the functionality to do so becomes available in the next release of the affected data sets and any associated XML Schemas. Prior to these updates, health and care [ORGANISATIONS](#) must review the impact of this information standard and make appropriate changes to local health IT systems from 2 April 2020 and before 1 April 2021. Where new National Codes are recorded locally, these will need to be mapped to an appropriate existing code for transmission and reporting purposes.~~
- New National Codes for [MAIN SPECIALTY CODE](#) were introduced from 2 April 2020 as part of the update to the [DCB0028: Treatment Function and Main Specialty Standard](#). Submission of these codes for the Commissioning Data Sets is only possible where the healthcare provider has updated their CDS-XML schema version to CDS-XML version 6-2-0. Users of the original CDS-XML schema version 6-2 will be unable to submit the new codes introduced in the release of [DCB0028: Treatment Function and Main Specialty Standard](#) in April 2020.

---

## TREATMENT FUNCTION CODE

---

Change to Attribute: Changed Description

[TREATMENT FUNCTION CODE](#) is a unique identifier for a [TREATMENT FUNCTION](#).

[TREATMENT FUNCTION CODE](#) is recorded to report the specialised service within which the [PATIENT](#) is treated.

It is based on [MAIN SPECIALTY](#) but also includes approved sub-specialties and treatment specialties used by lead [CARE PROFESSIONALS](#) including [CONSULTANTS](#).

[TREATMENT FUNCTION](#), rather than the Royal College or Faculty specialty, is required on most activity returns and in the [Commissioning Data Sets](#).

[TREATMENT FUNCTION CODES](#) should be used for all data sets/collections unless otherwise stated e.g. [National Workforce Data Set](#) uses [MAIN SPECIALTY CODES](#).

[GENERAL MEDICAL PRACTITIONER](#), [NURSE](#) and Allied Health Professional/ [Biomedical Scientist](#)/ [Clinical Scientist](#) [ACTIVITY](#) should be recorded against the [TREATMENT FUNCTION](#) under which the [PATIENT](#) is treated.

Joint [Consultant Clinic](#) [ACTIVITY](#) should be recorded against the [TREATMENT FUNCTION](#) which best describes the specialised service.

### Assigning a Treatment Function Code:

- Assigning a [TREATMENT FUNCTION CODE](#) for a [SERVICE](#) is a decision which must be made locally. For national reporting purposes, only the [TREATMENT FUNCTION CODES](#) listed in the table below must be used.
- Recording of activity according to [TREATMENT FUNCTION CODES](#) is not on the basis of the procedure carried out, but should be allocated according to whether a specialised [SERVICE](#) exists within the [Health Care Provider](#) for that [TREATMENT FUNCTION CODE](#), such as a [CLINIC OR FACILITY](#).
- [TREATMENT FUNCTION CODES](#) have not been mapped to procedures or [MAIN SPECIALTY](#).
- [TREATMENT FUNCTION CODE](#) should be assigned irrespective of the type of [CARE PROFESSIONAL](#) responsible. This is also applicable where the name of the [TREATMENT FUNCTION CODE](#) suggests it is limited for use by a particular Healthcare Profession.
- A change in [TREATMENT FUNCTION CODE](#), but no change in responsible [CARE PROFESSIONAL](#), does not initiate a new episode of care. For the [Commissioning Data Sets](#), the [ACTIVITY TREATMENT FUNCTION CODE](#) reported should be that which is recorded at the [CDS ACTIVITY DATE](#).

For further information, contact [NHS Digital](#) by email at: [enquiries@nhsdigital.nhs.uk](mailto:enquiries@nhsdigital.nhs.uk) with the subject "Main Specialty and Treatment Function Codes".

Further information on the groupings and scope of each [TREATMENT FUNCTION CODE](#) is provided at: [Main Specialty and Treatment Function Codes Table](#).

Note:

- ~~New National Codes for [TREATMENT FUNCTION CODE](#) were introduced from 2 April 2020 as part of the update to the [DCB0028: Treatment Function and Main Specialty Standard](#).~~
  - ~~Page 8 of the "Change Specification" provides a list of the new [TREATMENT FUNCTION CODES](#).~~
  - ~~Note that new codes should not be reported nationally until the functionality to do so becomes available in the next release of the affected data sets and any associated XML Schemas.~~
  - ~~Prior to these updates, health and care [ORGANISATIONS](#) must review the impact of this information standard and make appropriate changes to local health IT systems from 2 April 2020 and before 1 April 2021.~~
  - ~~Where new National Codes are recorded locally, these will need to be mapped to an appropriate existing code for transmission and reporting purposes.~~
- ~~New National Codes for [TREATMENT FUNCTION CODE](#) were introduced from 2 April 2020 as part of the update to the [DCB0028: Treatment Function and Main Specialty Standard](#). Submission of these codes for the Commissioning Data Sets is only possible where the~~

healthcare provider has updated their CDS-XML schema version to CDS-XML version 6-2-0. Users of the original CDS-XML schema version 6-2 will be unable to submit the new codes introduced in the release of DCB0028: Treatment Function and Main Specialty Standard in April 2020 or the addendum to DCB0028 released in January 2021 to add a new TREATMENT FUNCTION CODE to represent Post-COVID-19 Syndrome Services.

**COMMISSIONING DATA SET VERSION 6-2 XML SCHEMA CONSTRAINTS**

---

Change to XML Schema Constraint: Changed Description

XML Schema constraints applied to the [Commissioning Data Sets](#) V6-2.

The "Allowed Values" column indicates the NHS Data Model and Dictionary National Codes and Default Codes present in the XML Schema:

- None = The National Codes and Default Codes are included in the XML Schema
- Removed = The National Codes and Default Codes are not included in the XML Schema.

**Note:**

- The active [CARE PROFESSIONAL MAIN SPECIALTY CODE](#) and [ACTIVITY TREATMENT FUNCTION CODE](#) allowed values differ between CDS-XML schema version 6-2 and CDS-XML schema version 6-2-0, see [DDCN 1815 Commissioning Data Set Schema Version 6-2-0](#).

Data Element	XML Schema Format/Length	Allowed Values	Range	Pattern Match	Reason / Comment / XML Choice
<a href="#">ACTIVITY LOCATION TYPE CODE</a>	None	A01,A02,A03,A04,B01,B02,C01,C02,C03,D01,D02,D03,E01,E02,E03,E04,E99,F01,G01,G02,G03,H01,J01,K01,K02,L01,L02,L03,L04,L05,L06,L99,M01,M02,M03,M04,M05,N01,N02,N03,N04,N05,X01	None	None	National Code G04 removed (not allowed in XML Schema)
