

NHS Data Model and Dictionary

Type:	Data Dictionary Change Notice
Reference:	1848
Version No:	1.0
Subject:	National Cancer Registration and Analysis Service (NCRAS) Update
Effective Date:	1 October 2021
Reason for Change:	Definition Update
Publication Date:	6 October 2021

Background:

On 1st October 2021, as part of the government's strategy to transform the public health system in England, responsibility for the management of the National Disease Registration Service (NDRS) transferred from Public Health England (PHE) to NHS Digital. NHS Digital will become the data controller for this data.

The National Cancer Registration and Analysis Service (NCRAS) is part of the National Disease Registration Service.

This Data Dictionary Change Notice (DDCN) updates the National Cancer Registration and Analysis Service NHS Business Definition in the NHS Data Model and Dictionary to reflect this change.

A short demonstration is available which describes "How to Read an NHS Data Model and Dictionary Change Request", in an easy to understand screen capture including a voice over and readable captions. This demonstration can be viewed at: https://datadictionary.nhs.uk/elearning/Change_Request/index.html.

Note: if the web page does not open, please copy the link and paste into the web browser. A guide to how to use the demonstration can be found at: [Demonstrations](#).
